

POLICY REVIEW

In an effort to keep its policies up-to-date so that they may be used consistently as a basis for Board action and administrative decision, the Board will review its policies on a continuing basis.

The Board will evaluate how the policies have been executed by the school staff and weigh the results. It will rely on the school staff, students, and the community for providing evidence of the effect of the policies which it has adopted.

The Superintendent is given the continuing commission of calling to the Board's attention all policies that are out of date or appear to need revision for other reasons.

The Board directs the Superintendent to maintain one print copy at New Boston Central School in the Principal's office and one print copy at the SAU Central Office. The Board directs the Superintendent to maintain online policies.
