

STUDENT FEES, FINES, AND CHARGES

Students are responsible for all books, information technology (IT) equipment and school property entrusted to them and must ensure they receive proper care. Parents/guardians must pay the School District for the fees associated with the repair or replacement cost of any book, IT equipment or property lost, defaced, or damaged.

It is expected that all outstanding student accounts will be fully satisfied prior to the student's departure from the New Boston Central School. Failure to satisfy outstanding fees may result in the loss of student privileges. Furthermore, report cards or transfer of records may be withheld until all obligations are met.
